### Go With God

As we face so many changes, faith becomes essential. When the Israelites were about to enter the Promised Land, they faced the change of a new leader, Joshua; and they had to cope with moving to a new home, Canaan. "Moses My servant is dead," God said to Joshua. "Now therefore, arise, go over this Jordan, you and all this people, to the land which I am giving to them - the children of Israel" (Joshua 1:2).

The people were comfortable with their nomadic life. They had grown accustomed to the routines. But the winds of change began to blow. It takes courage to face change, but thankfully they were willing to do it. God promised to be with them and enable them to succeed. "Be strong and of good courage," God said. "For to this people you shall divide as an inheritance the land which I swore to their fathers to give them" (Joshua 1:6).

Obedience was essential. "This Book of the Law shall not depart from your mouth, but you shall meditate in it day and night, that you may observe to do according to all that is written in it. For then you will make your way prosperous, and then you will have good success" (Joshua 1:8).

We face new territory in the form of global covid 19, economic impact, racial reckoning and discrimination, wildfires, political polarization, angry people. Yes, it is new territory! But God will help us navigate. Let us practice the essentials of trust and obedience. God will be true to His promises and see us through.

## GUARDIANS OF THE GALAXY

Do each of us have an angel of God to keep a divine eye on us round-the-clock – a ministering spirit, assigned by our Father in heaven to look after the faithful, to protect, guide, encourage, and comfort us? Scripture does mention and allude to this very thing. “Take heed that you do not despise one of these little ones, for I say to you that in heaven their angels always see the face of My Father who is in heaven” (Matthew 18:10 NKJV). Angels have direct access to God and receive instructions from Him concerning our care. Some Bible commentators believe we have more than one angel assigned to look after us. Heaven knows, some of us certainly seem to need a lot more protection! Angels are supernatural beings created by God. We are not to worship or regard angels as gods, but they are God’s holy messengers, who represent His eternal will and purpose. Only God knows our thoughts, and His angels act in accordance with God the Father’s instructions concerning our every need or situation. During this season of

Thanksgiving let us remember, as sons and daughters of the Almighty King, to be thankful for the protection that He provides us.

**“For He shall give His angels charge over you to keep you in all your ways” Psalm 91:11 NKJV**

## Children’s Corner Rainbow Eucalyptus Tree

Eucalyptus trees are known for smelling good and the adorable koalas that like to eat the leaves.

Did you know they can be colorful? One type is called the rainbow eucalyptus. When this tree sheds its bark, it almost looks like a colored pencil being sharpened.

While they can get as tall as 250 feet, it is the multicolors that make it stand out. As the rainbow eucalyptus sheds, it first reveals a bright green inner bark. Over time it turns blue, purple, orange and dark red.
