

“Fear Not”

I. Introduction: Luke 21:26 says, “Men’s hearts failing them for fear, and for looking after those things which are coming on the earth.”

But why is it that WE should NOT fear?

II. Because fear is one of Satan’s tools to torment and destroy us.

A. 1 John 4:18 says that perfect love casts out fear.

III. Because many of the things that we fear are about tomorrow.

A. FEAR is False Evidence Appearing Real

B. Matthew 6:33 & 34 says that

we should take no thought about tomorrow.

IV. Because God has promised to be with us.

A. Isaiah 41:10 says not to be afraid because God is with us.

V. Because when we see how God has guided and blessed us in the past, we really have no need to fear for the future.

A. 1 Samuel 12:22-24 asks us to consider what great things God has done for us.

“We have nothing to fear for the future, except as we shall forget the way the Lord has led us, and His teaching in our past history.”

Fear Not

Fear not my creation
the day that lies ahead
For I was with you
the moment you stepped out of bed
Yes, even when you stumbled
I was standing right there
Instantly I sent in grace and mercy
To show how much I care
Even when fear approached
I never left you alone
I touched you with the finger of love
And told your doubts be gone
So just journey ahead faithfully
and I'll take care of the rest
for the journey I've prepared for you
will leave you abundantly blessed

SEVENTH-DAY ADVENTISTS BELIEVE:

As a people we hold the Bible in supreme regard as the revealer of God's truth to guide us to salvation. Our love and devotion is rooted supremely in Christ who we worship as our Savior, Creator, Lord and King.

We believe that forgiveness, healing and eternal life are offered freely to all on the basis of what Jesus has already accomplished for us at the cross, and continues to do as He ministers on our behalf in the heavenly sanctuary above. God's mercy and grace are infinite and are received by faith, to prepare a people for Jesus' second coming.

The "New Covenant" provides not only forgiveness for sin, but also God's promise to write His law on our hearts so that our greatest joy will be to do His will. We keep His commandments, not in order to be saved, but because He has already encircled us in His saving arms. His law includes also the fourth commandment Sabbath which invites us to spend a special time of fellowship with God on the seventh day.

About Revelation Speaks Peace

Starting in 1929, the Voice of Prophecy has been bringing the world simple, easy-to-understand Bible teaching. For more than two decades, Shawn Boonstra has been presenting *Revelation Speaks Peace* to audiences all over the world.

Now Shawn and the Voice of Prophecy are bringing *Revelation Speaks Peace* live to Minneapolis.

We’ve just seen the biggest economic crisis since the Great Depression, and some experts are starting to wonder if we’re not going to see another big market correction in the near future. America’s national debt has hit record highs - and short of a major crisis, it’s hard to see how we’re ever going to dig our way out.

And if that isn’t bad enough - we’ve got brand new worries in the Middle East. Just when looked like *maybe* we’d gotten Al Qaeda under control, suddenly, you’ve got ISIS trying to build a new caliphate, and tensions in the world’s biggest trouble spot are now as bad as ever: hostages getting beheaded on YouTube - grisly pictures of people actually being crucified in the town square - tensions between Israel and the Muslim world getting worse by the day.

What should we make of it? Is this some kind of harbinger of the end - some sort of signal that the world is about to go through a major upheaval - that life as we know it is about to change forever?

What about the recent disclosures that our own government has been spying on us - not just listening to the phone calls of foreign heads of state - but listening to *our* phone calls - reading through *our* emails? Does this mean that George Orwell was right? Have we finally moved into the world of Big Brother? Is your liberty really at risk - and what should you expect to happen next? With so much going on - with headlines changing every day - with fears about global climate change - and unprecedented disasters like the Japanese tsunami - or Hurricane Sandy - well, a lot of people have been taking another look at an old book that's tucked away at the end of the Bible - a book that claims to have a blueprint of the future. Even people who used to laugh at the idea that the Bible might be relevant to OUR world? They're not laughing anymore, because things are changing so fast, and it's getting harder and harder to explain what's going on.

Is it really still business as usual?

Should we be taking the book of Revelation seriously?

Every year, the Voice of Prophecy chooses one or two cities - somewhere in the world - to present our live *Revelation Speaks Peace* seminar - a special workshop where you'll get all the tools you need to understand Bible prophecy for yourself. We're not going to speculate; we're just going keep our feet - and our minds - planted firmly on the ground, and we're going to take an honest, objective look at this subject.

What does Revelation actually say? Can you really understand it? This event is designed for people with a busy lifestyle. It won't matter if you've been studying this kind of thing for decades, or if you've only just started thinking about it right *now*. Our promise: going to get *something* out of this. Most people tell us that they learned more in a few nights than most people learn in a lifetime.

This is a once-in-a-lifetime opportunity: *Revelation Speaks Peace* is coming *live* to the twin cities. This seminar has been presented all over the world - and now it's finally *your* turn. All you need to do to participate is reserve your seat. This seminar is absolutely free!
